EDUCATION

National University of Sciences and Technology	**Islamabad**
BS in Public Administration (Major)	*Expected June 2022*
BS in Computer Science (Minor)	*Expected June 2022*

ABOUT

I am a passionate web developer with a keen interest in front-end technologies who loves bringing ideas to life through coding, design, and accessibility.

WORK EXPERIENCE

Alfabolt (SMC – Private) Limited	**Part time**
Frontend Web Developer	*Aug 2022 – Present*

- The technologies I use for this company are typescript, React,js, Next.js and storybook
- While working I focus on writing idiomatic, scalable, and accessible code
- I always prioritize teamwork and collaboration with others as a part of my workflow
- Built a custom design system with storybook
- Have developed various frontend web pages through Figma designs
- Developed new features to an existing application
- Fixed many bugs.
- Improved code quality
- Used concepts like state, props, data fetching techniques etc.

PROJECT - that I am proud of

Netflix with Next.js	**In progress**

https://github.com/faryabakhsh/Netflix

- This is my attempt to develop a full stack Next.js application
- It includes password less login authentication with Magic Auth.
- Implement data fetching technique such as incremental static site regeneration
- The backend is made by next.js itself. On top of it Hasura database is used with GraphQL & YouTube API.

SKILLS

Languages	HTML5, CSS3, JavaScript, TypeScript
Front-end	React,js, Next.js
Back-end	Node.js, Hasura
Frameworks	Material UI, Styled-Components, Context API, GraphQL, Express,
Databases	SQL (MySQL, Postgres), Firebase
Others	Storybook, Figma

ADDITIONAL

- Fluent in English and Urdu
- I also worked remotely as (English as a second language) Teacher – Japan for over an year. This opportunity honed my skill to communicate with diverse and multi-ethnic students with ease.
